

Thank you for attending our first network meeting of the academic year. Please find the link below to the Geography portal.

Please feel free to use and take any of the resources on there, just remember to make your own copy so the original master version is not affected.

If you haven't already done so, please scan the code below to complete the feedback form.

Our next meeting is on Monday 24th November. The vast majority of you indicated on the feedback form that you would like a session on supporting the lowest 20% or adaptive teaching for LA, so I will change the plan and focus on this for our next meet.

If you need anything in the meantime please let me know.
